

WTP8 Workshop

"Develop your Networking Skills" with **Despina Anastasiou**, 29th June 2023, 10:00-11:15 CEST

Lead from where you stand; be intentional in empowering yourself as you navigate your unique career journey.

This June, WIL Member **Despina Anastasiou**, Global Business Development Director - Corporate Development at Dow Europe, led a highly-anticipated workshop on networking skills, to support our Talents on the Women Talent Pool (WTP) leadership programme in harnessing the power of their networks for their leadership growth. Drawing on her 33-year career, she addressed the benefits of networking, what good networking looks like, and its link to personal brand and purpose.

During the Q&A, the Talents had plenty of questions for Despina on issues as diverse as when to reach out to senior leaders and how to give the best of yourself in challenging circumstances.

After moderating the Q&A, WTP Talent **Laura de la Cruz**, Corporate Lawyer at Osborne Clarke Spain, gave a short session wrap-up, highlighting her key takeaways from this eye-opening workshop.
